NEVADA PREPAID TUITION

The Nevada Prepaid Tuition Program enables Nevada parents to lock in tomorrow's college tuition at today's prices. **Benefits can be used both in-state and out-of-state.**

HOW IT WORKS

You purchase credit hours at today's cost for use when your child is ready to go to college. Enjoy the peace of mind of knowing that your tuition costs will never go up. Promise made, promise paid!

START TODAY

The sooner you start, the more you can save. Parents who purchased a Nevada Prepaid Tuition plan in 1998 paid a \$69 per credit hour rate. When their beneficiary enrolled at a Nevada university in 2013, tuition had increased to \$191.50 per credit hour.

Those parents will have saved over \$14,700 by purchasing a Nevada Prepaid Tuition plan in 1998.

LOOKING AHEAD

Using current Nevada university tuition rates with a projected tuition increase of 6% per year; if you purchase a 4-year university plan today and your child is 5, that's a potential savings of \$27,385* on tuition when they attend college.

FLEXIBLE OPTIONS

There are a wide variety of plan and payment options to fit your budget and educational goals. You pick the plan that best works for you and your beneficiary.

USES

Contract benefits can be used to pay tuition costs at public or private institutions of higher education, including colleges, universities, and trade schools across the nation, approved by the U.S. Department of Education.**

TRANSFERABILITY

If your beneficiary decides not to attend an institution of higher education, the contract may be transferred to a sibling or a first cousin. You can also cancel your contract at any time and receive a refund, minus a \$100 administrative fee.

FAMILY AND FRIENDS CAN HELP

Grandparents, other relatives, and friends can make contributions to your beneficiary's account.
